

ENDLESS IDEAS INTERIORS

**FURNITURE/  
FINISHING PROJECT  
PROCESS**

### *In-Home Consultation*

We'll begin with an in-home consultation to assess your wants, needs, and budget for the space. Our designer can discuss an overall vision for your project, outline our services, take initial measurements and photos of the space for reference.

*Fee: \$250-\$400 for the first hour, \$125 for each additional hour*

### *Design Consent*

We always establish a contract outlining our design fees up front, so there are no surprises. Our designer will assess your unique requirements, determine the fees associated with designing the space, and present you with a design consent contract.

Once the contract is approved, and design fees are received, it's back to our studio to create your look!

*In-office design hours vary depending on the scale of the job. Fee: \$125/hour*

### *Design Phase*

Back at the Endless Ideas studio, we'll pull together a detailed design plan for your space. This may include; drawings, furnishings, fabrics, window treatments, accessories, etc. We source all items from our trusted suppliers.

Our Team will pull the design together in a timely manner (typically 2-4 weeks) and prepare a presentation in an easy-to-visualize format.

### *Showroom Presentation*

Presentations typically take 1-2 hours and are included in our design fees. Larger projects may be presented in several stages.

You will be provided with a quote(s) at the end of each presentation, outlining costs for the presented design.

*We're happy to make minor adjustments to your design, within reason. Major revisions may be subject to additional design fees.*

### *Implementation*

As you sign off on the furnishings and fixtures in your design, we'll begin putting our plan into action. Our team will manage all aspects of the ordering process and can arrange delivery/ installation of your items as they arrive.

*Custom orders typically take 12-16+ weeks. Delivery/ installation fees apply. Project Management fees apply for any work involving Trades.*
