

IN-HOME CONSULTATION Appointment Checklist

Our in-home consultations lay the groundwork for establishing a great working relationship with new clients. We'll get acquainted, review our design process, and discuss how our Endless Ideas Team can help you achieve your dream space!

During your consultation we'll assess your design requirements, and can offer suggestions on layout, direction for finish/material updates, ideas for accessories/ styling, selection of paint colours, etc.

If your project involves additional design services/ sourcing, we'll document the space(s) with measurements & photos and establish a design contract outlining design fees. Note: A formal design proposal will be prepared and sent within a few days for larger projects.
